SAFE SCHOOLS SUMMIT

August 5 & 6, 2025

Ben Steele Middle School | Billings, MT

Strengthening Schools through Community Engagement

Why You Should Attend

The Summit is a unique opportunity to connect with professionals who are working to make schools safer, more supportive places for every student. Whether you're in education, public safety, mental health, or community leadership, this Summit offers tools, training, and collaboration to strengthen your role in school safety efforts.

- Gain practical strategies you can apply right away
- Learn from statewide and national experts
- Participate in cross-sector conversations that matter
- Explore solutions to current and emerging safety challenges
- Network with others who are passionate about student well-being

Scholarship Opportunities

We're committed to making the conference accessible to all. A limited number of scholarships are available to help cover registration costs. Reach out to learn more about this opportunity.

Workshop & Topics Include:

- Mental health, trauma-informed practices, and suicide prevention
- Crisis response, emergency planning, and school safety leadership
- Threat assessment, digital safety, and child exploitation awareness
- Building inclusive, emotionally supportive school environments
- Partnering with law enforcement and community for safer schools
- Designing secure campuses using physical and environmental strategies
- Addressing current trends and evolving challenges in school safety
